29 August 2024

Dear Sir or Madam,

I am writing this letter of recommendation with great pleasure to highly endorse Qeshm Singh Saandhu for further pursuit of higher learning at your institute. As the Executive Director of the Endeavour Scholarship Foundation, I have had the pleasure of awarding him the Endeavour Scholarship in coordination with the U.S. Embassy in Singapore, Experia Events (tradeshow event organizer), and Science Centre Singapore. I am confident that he would be a valuable addition to your program.

The "Astronaut Al Worden Endeavour Scholarship," is an international education program to reward aspiring young space explorers and their teachers with a hands-on astronaut training experience at the U.S. Space and Rocket Center's renowned Space Camp in Huntsville, Alabama, United States. This year's class of Endeavour Scholars includes students and teachers from Australia, Chile, the United Arab Emirates, Poland, Singapore, and the United States.

Mr. Saandhu was chosen to represent Singapore for the year 2024. This selection process included consideration of all Singapore high school students; a close examination of his full scope of academic work, with a close focus on science, technology, engineering, and math (STEM) achievements. Following a recommendation from their schools, students then underwent a detailed STEM project and interview process before being awarded his scholarship at the Singapore International Airshow last February. Attendees of the Award Ceremony included the Honorable Jonathan Kaplan, Ambassador to Singapore; Mr. Leck Chet Lam, Managing Director, Experia Events; and Mr. Tan Tech Meng Daniel, Senior Director, Exhibitions, Science Centre Singapore.

Mr. Saandhu is a true team player, always willing to collaborate and support colleagues to achieve shared objectives. His positive attitude and enthusiasm contribute to a harmonious work environment. His learning style encourages open communication and fosters a sense of camaraderie among team members; he not only embraced new academic concepts but created community between the country teams. His poise and maturity separates him from his same-age peers.

Furthermore, Mr. Saandhu possesses excellent adaptability and a willingness to learn. He quickly grasps new concepts and is always eager to acquire new skills and knowledge, making him an ideal candidate to tackle challenges in your learning environment.

In summary, I recommend Mr. Saandhu for your program. He is an exceptional individual with an impressive track record and a passion for excellence. I have no doubt that he will make significant contributions to your team and exceed your expectations.

Should you have any further questions or require additional information, please do not hesitate to contact me at info@endeavourscholarship.org. Additional information on the Endeavour Scholarship Foundation can be found at www.endeavourscholarship.org.

Thank you for considering my recommendation. I am confident that you will find Qeshm Singh Saandhu to be an invaluable asset to your program.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Kallman', with a stylized flourish at the end.
